## LATVIAN QUALIFICATIONS FRAMEWORK (LQF)

The LQF is a system where learning outcomes achieved during learning are described in eight levels. The LQF is referenced to the European Qualifications Framework.

Qualifications included in the LQF comprise education documents obtained in formal education.

## QUALIFICATION

Knowledge, skills and competences certified by an education document.

Information about qualifications is collected and regularly updated from different data sources:

- National Education Information System;
- occupational standards, state education standards, laws and regulations;
- information provided by awarding bodies.
